

Statia M , one of 2021-2022 recipients of the Women's Fund of the Capital Region Scholarship, graduated on May 20, 2022!

She wrote,

*"I have graduated from SUNY Schenectady and your scholarship support helped make that possible – THANK YOU! Thanks to you and your help, I am now at a better point in life to not only help myself but my special needs daughter as well. Thank you can't even begin to express how grateful we are!"*

We are so happy to also report that Statia will continue to be involved with the group. She told us, *"I'm working with the Women's Fund for job placement - The No Home Maker Left Behind program. I'll get to thank them in person next week 😊."*

Thank you for providing the life-changing support that leads to our students' success!
